

SOVIET RUSSIA MUST PROCURE THOUSANDS OF FARM TRACTORS

Nation Will Need Over Two
Hundred Thousand Machines
Within Next Ten Years

MOSCOW. — By the Associated Press. — Based on the one hand with a nationwide need for auto trucks and tractors, and on the other with a struggling home industry in the manufacture of these machines, the government departments directing the foreign trade policy of Soviet Russia have not yet made up their minds whether they should stand for free trade or a protective tariff.

Russia has little money to spend for trucks and tractors abroad, but some day hopes to be able to supply every community with at least one farm tractor. Before the state plan commission it was declared recently that, during the next ten years, the nation would need 250,000 twenty-horsepower tractors, but only 50,000 could be purchased abroad. The remainder will have to be secured elsewhere. Russian factories are now turning out a few tractors, and these are said to be of excellent capacity. Those favoring protection of this infant industry want a high tariff on tractors from abroad.

Several hundred tractors have been brought to Russia by various agricultural colonies and some foreign relief organizations, but they are sufficient only to replace an infinitesimal percentage of the horses and other draft animals who died by the hundreds of thousands during the recent famine.

UNVEIL MONUMENT TO DOUGHERTY ON JULY 4

PARIS. — Two ideas of America's participation in the world war will be embodied in a statue to be unveiled on next fourth of July in the place des Foyes. The United States source says Woodrow Wilson lived when he was attending the conference of nations which terminated with the treaty of Versailles.

The monument, which is the work of Jean Boucher, who made the famous statue of Victor Hugo in the island of Guernsey, shows the fighting doughboy dashing over the top of Chauvin Thierry and the unknown soldier, wearing his cap at his French comrades as he takes the boat to go back across the ocean, his task accomplished.

By the side of the American is a French soldier grasping the hand of the warrior from over the sea.

HUNT BODIES OF MISSING MEN REPORTED FOUND

WINNIPEG, Man. Reports that the bodies of Capt. Christopher O'Leary, and C. E. Murray, his companion, who were believed to have been lost in the Ontario hinterland, while on a trapping and prospecting expedition seven months ago, have been found in the dense lake district on Wednesday started the Canadian mounted police on a search of that territory. The first reports were received that Indians had found a badly decomposed body and that dug taken by the two men on their trip had been found in a badly starved condition by Hudson Bay company officials.

Pursuing will find a church on a rocky high which will not get them and lead to heaven.

AMERICAN TREE SEEDS ARE TO RECLAIM FRENCH FORESTS

Edna Ratten (left) and Belle Bladen saw the last bags of the American Tree association's shipment of tree seeds.

WASHINGTON, D. C. — Trees—millions of them—will rise in France in the future, as living symbols of a unity of thought and sympathy between that country and the United States.

They are being sent by Charles Pack, president of the American Tree association, in the form of seeds and are intended as a "standing army of friendship" to reforest the battle areas made desolate by shells.

Why are trees selected to cement the friendship between the nations? Those who know the French can answer easily. Any doughboy or marine could explain.

Trees to the French are a passion. A tree for them is imbedded in their souls through generations. A tree would deliver into the very thoughts of this highly sensitive people the thought that no little part of the bitter hostility now existing between France and Germany is due to the destruction of the beloved French forests.

When gathering fuel became necessary in the A. E. F. French buddies of the doughboy could not see how the Americans could destroy the tree so ruthlessly. Each seeing of the ax hurt like the thrust of a knife. That's what doughboys say.

This, then, is the reason tree seeds which will develop into Colorado fir, Sitka spruce, honey locust, cypress and Monterey pine—are going "over there." They will take the place of those destroyed in the war. They will be treasured by America's former ally as nothing could be.

The first tree will be planted on May 28 "somewhere in France." On that day, six years ago, General John

ENGLAND DEVELOPS EFFICIENT TYPE OF AIRPLANE CARRIER

Apparatus Invented to Facilitate
Landing and Taking off of
Planes from Ships

LONDON. — Every building in London with a flat roof has become a potential airfield by reason of the invention of apparatus to facilitate the landing and taking off of airplanes from the decks of British aircraft-carriers. The business of the future, English air experts predict, will ride in an elevator to the roof of his home and leave by airplane. The invention which will make this possible will enable every navy of the future to put to sea with not only a vast number of airplanes flying-boat and seaplanes, but its own airbases and workshops, say these writers.

Already some vessels have been converted into aircraft-carriers by the United States, Great Britain and Japan, but the British admiral has laid down ships of this kind which are held to be better than those of any other power. They have not only square funnels for airplane landing facilities, but are as well equipped to carry out repairs as is any ground station of the Royal Air Force.

The decks of these aircraft-carriers are entirely free of all obstructions. The funnels for carrying away smoke are set on the starboard side. The recent appearance of two of these huge aircraft-carriers in the Dardanelles threw a fright into the Turks, who believed them to be strange monsters of the deep.

In the new type of aircraft-carrier there are two decks, connected by huge lifts. The upper is the airplane deck, and the lower is equipped with workshops for carrying out repairs. There are also supplies of necessary spare parts ranging from a propeller to a complete engine, all ready for instant use. The flying deck is fitted with a searchlight and landing-light tower, which make it possible for a machine to land at night, the light illuminating the deck of the vessel and the surrounding water.

There are also planes for hoisting on board flying boats which need repair. It is now possible for the fastest machines to land with safety on the deck of an airplane-carrier. And arrangement of nets brings the airplane to a standstill without danger, and a machine which attains a speed of three miles a minute can land in a distance of not more than 40 feet.

KAISER AND WIFE LIKE "HEAVY" READING

DOORNS. — "Kaiserin" Hermine and her husband Wilhelm have identical literary tastes.

Neither cares for novels. Both devour all the works on politics and history they can lay their hands on. Hermine, especially, is a great reader. She has given up so-called "light reading" since her advent in Doorn speeding hours in the company of the former emperor, delving into books on politics and history, especially everything dealing with the former kaiser's reign and the world war.

The crown prince, on the other hand, like Roosevelt and Wilson, reads all the detective stories he can have shipped him to his out of the way exile at Wieringen.

MAJORITY OF DETROIT WORKERS ENGAGED IN MAKING AUTOMOBILES

Two-thirds of Labor Now Em-
ployed in Automobile or
Allied Industries

DETROIT. — Half the industrial employees in Detroit in 1914 were employed in the automobile or allied industries. Today approximately two-thirds of the industrial employees here are working either in automobile plants or in factories closely allied to the automotive industry.

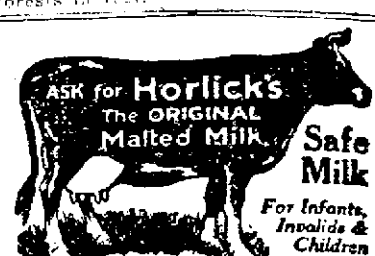

Officials of the Detroit Board of Commerce make the announcement to show the rapid growth of the automobile industry. At the same time it is recalled that during the same period the population of Detroit has more than doubled.

In 1914 Detroit had a total of 112,483 industrial employees, and of the number about 56,000 worked in automobile or accessory plants. To-

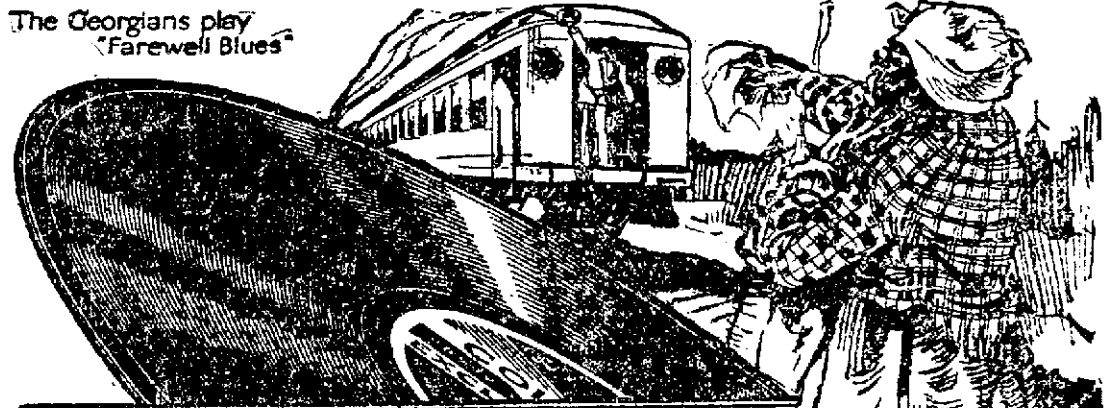

day the city has approximately 320,000 industrial workers, and of these about 205,000 are employed either in automobile plants or in establishments where parts of motor cars or motors are produced.

The number of automobiles made in Michigan every year is about 40 per cent of the total output of the country, according to statisticians of the Board of Commerce.

Man-caused fires comprised more than 60 per cent of the fires in national forests in 1921.

"Farewell Blues"

THE Georgians have packed this fox-trot selection with syncopated romance and rhythm till it fairly snaps with dance magnetism.

Never, in all your days—or evenings—have you trotted to anything that surpasses "Farewell Blues," Columbia New Process Record A-3864, for sparkle and spice and pep and go.

And on the other side is their equally artistic rendition of "Snake's Hips," another fox-trot that will make you wonder which is entitled to the blue ribbon.

Each of these selections is liberally decorated with alluring brass, banjo, clarinet, and saxophone trimmings.

This record, from the June program, is only a sample of the good things in this newest Columbia release. All of the new records listed here are Columbia New Process Records—made with the wonderfully quiet surface that eliminates the annoying scratch and scrape of needle noise.

Tear out this list, take it to your Columbia Dealer and listen in on this delightful program of latest dance hits, newest songs and choice symphony selections.

All Columbia Records can be played on any phonograph.

Only in Columbia New Process Records will you find a positive freedom from distressing needle grind. The process is patented. No one else can produce anything even resembling Columbia's construction and improved surface.

SENATE ADVANCES BILL FOR OPTIONAL MILITARY TRAINING

Sachtjen Bill Abolishing Compulsory Attendance is Ordered Engrossed

MADISON, Wis., — Compulsory training at the University of Wisconsin came a step nearer abolition last night when the senate voted, 18 to 7, to advance the Sachtjen bill, making membership in the University corps optional. This measure which has passed the assembly has the endorsement of Governor Blaine, who is expected to sign it.

The present system of military training which requires all freshmen and sophomore students to take drill three times a week under requirements of the Merrill law, passed in 1882, was defended by President E. A. Birge. He pointed out the obligation the state assumed when it agreed with the federal government to offer military instruction in return for public lands and public funds.

Attorney General Herman J. Thern answered the argument of President Birge. He took the position that the state was in no way obligated to require drill of students and would fulfill requirements of the Merrill act by merely offering training in military science.

Senator Theodore Benfer told of the training he received at the university and described how it instilled in him a spirit of Americanism that caused him to respond to the call for troops during the Spanish American war. He urged that the young men receive this training.

The roll call follows:
For engrossment — Barber, Bligden, Cashman, Casperson, Heck, Hirsch, Huber, Kemp, Lange, Polakowski, Quick, Ridgway, Roethe, Schulman, Severson, Staudenmayer, Teasdale, Titus — 18.

Against engrossment — Benfer, Clark, Czorninski, Kuckuk, Morris, Smith, White — 7.

Paired — Johnson and Garey, for; Weiden and Burke, against.

Storks sleep standing on one leg, and storks with corns probably stay awake at night.

RICH IMMIGRANT PAYS \$10,000 FOR \$750,000 ESTATE

NEW YORK.—Sigmund Rothschild of Houston, Texas, a cotton manufacturer, sailed Thursday for Hamburg on the Hansa to occupy a \$750,000 chateau near Baden-Baden which he acquired for \$10,000 when marks slumped.

Rothschild has lived in Texas for fifteen years, going there as a poor boy. It took him two years to collect his family, scattered by the war. They now are awaiting him in the chateau.

Cost of living has risen almost 68 per cent in ten years, but it is still worth doing.

TRADE BALANCE TO VEER AGAINST U. S. FOR A TIME

WASHINGTON, D. C.—Commenting on the fact that because of the heavy imports during the first four months of 1923 the balance of trade had been turned against the United States, Secretary Hoover, Thursday said he thought it probable that the excess would have to continue some time before America began to export its surplus gold. He was not certain, he said, whether the relationship between imports and exports would continue. This, it was pointed out, depends upon internal conditions of the United States.

The great bulk of the imports, it

was explained, arise from heavy incoming shipments of crude and semi-finished materials. This was accounted for by the activity in industries of the United States which were taking

and consuming these classes of imports, and likewise, it was pointed out, exports are limited by the large domestic consuming sources.

Pennsylvania is in the forefront in the development of the junior high school. There are now fifty-two such schools in the state, with an enrollment of 30,955 students.

A Saluki, or gazelle hound, is the greyhound of the near east. Two of these dogs have been brought to England by General Lance for an attempt to breed the species in that country.

TAKES EXCEPTION TO TREATMENT OF JAPS IN THE U. S.

Attitude Toward Orientals Declared Shadow on "Bright Outlook" Between Two Nations

NEW YORK.—Treatment of Japanese in this country, in the opinion of Masanaru Hanabara, the Japanese ambassador, is the only thing that is apt to disturb the friendly relations existing between the United States and Japan.

Addressing the Japan society here today, the ambassador declared that the "happy result" of the Washington conference was the "removal from our mutual international relations of the feelings of suspicion which had disturbed them." He added, however, that the American attitude toward the Japanese immigrant was the one question in "the whole bright outlook" which "vexes the minds of both people."

"There is no question of our desire to send in more immigrants," said Mr. Hanabara. "The question is simply one of elemental principle in international intercourse, that is to say, of discrimination or no discrimination based on color or nationality."

REV. MAGELSEN GIVEN FAREWELL PARTY THURSDAY

Members of the Congregation Present Pastor With Purse and Ticket to Norway

The members of the congregation of Our Savior's Lutheran church, Sixth and Division streets, held a farewell party Thursday night in honor of their pastor, Rev. H. G. Magelsen, who is leaving for a trip to Norway soon. Rev. Magelsen has been given a three-months' leave of absence from his church.

At the party Thursday night, Rev. Magelsen was presented with a purse and a ticket to Norway by the members of the congregation. Theodore Lush, made the presentation speech. Rev. H. T. Braa, pastor of St. Paul's Lutheran church and Rev. E. O. Vik, pastor of Trinity Lutheran church, made short addresses. Musical entertainment was furnished by the choir. The Ladies' society served lunch.

MILWAUKEE ROAD OFFICIALS MAKE INSPECTION TRIP

President and Board of Directors Stop in La Crosse on Thursday Evening

A special train carrying H. B. Brennan, president of the Chicago, Milwaukee & St. Paul railroad, A. J. Erling, chairman of the board of directors and several of the directors, passed through the city Thursday evening on the annual tour of inspection. The party stopped off for half an hour in La Crosse, inspecting the yards and round house on the north side.

The train comprised the president's private car and four other cars. The directors had their annual meeting in Milwaukee this week.

DRY AGENTS RAID PALMER GROCERY STORE

(Continued from page one)

liquor and with destroying a fund while a search of the premises was being made by prohibition agents, was found guilty in circuit court Friday morning by a jury on both counts. Judge Hickee will pass sentence Saturday morning.

Thompson had been operating the soft drink bar in the Star restaurant, lower Pearl street. He pleaded guilty in county court and when arraigned before Judge Hickee pleaded not guilty and said he was too poor to retain a lawyer. The court appointed Harry Robinson to defend him.

Thompson testified that he did not have any alcohol back of the bar, that it was a disinfectant in the glass that he kept in the rinsing stick and that he counted a small quantity of alcohol. He said that he paid the Hammond, who previously ran the restaurant, \$3 a day rent for the soft drink bar.

Starck on Trial

Paul Starck, employed in the restaurant of Frank Kleinhertz, also was put on trial in circuit court Friday morning, on charges of larceny of \$300 in cash and certificates of deposit from John C. Peterson. Peterson alleged that he had been browsing around Second and Pearl streets, obtaining drinks in various places and that he had the money and the certificates when he went to Kleinhertz's place. He says he was put in a taxi and sent home by Starck and that he missed the money shortly afterward. The certificates were sent to the Tribune office, with a note saying that they had been found on the street and to have them advertised. The Tribune office notified the Omaha bank which issued them and it was learned that the certificates returned to him.

County Judge Brindley reported Friday that in March the total fines collected in county court amounted to \$2,539, all but \$50 of which were liquor fines. In April, fines levied and collected in county court were \$321.27.

BOYS PARADE IN CHICAGO

CHICAGO, Ill.—"Boys' Week" will open in Chicago Friday with a parade of an estimated fifty thousand boys, ranging from 10 to 20 years of age, through the downtown business district.

LEGISLATURE SUCCESSFUL IN PASSING LITTLE IN WAY OF WET LEGISLATION THIS TERM

MADISON, Wis.—A single resolution asking congress to amend the Volstead act so as to permit the return of beer will be the sum total of wet legislation to be enacted by the Wisconsin legislature at this session. Both houses of the legislature have passed the Czerwinski resolution memorializing congress to amend the present laws so as to permit the sale of "good beer" for home consumption. The resolution will be enrolled and sent to members of congress during the coming week.

Over a dozen bills on the liquor question were introduced at this session of the legislature and the dry forces were successful in burying all proposals with the exception of the Czerwinski beer memorial.

The Sechtjen search and seizure measure was probably the most important piece of wet legislation attempted at this session. Its defeat promises to make it one of the issues in the campaign next summer.

The defeat of the liquor legislation in the senate this week disposes of all of the so-called wet legislation at this session. Now that both houses have adopted resolutions prohibiting the introduction of new bills no further attempts will be made at this session to bring up the question of wet and dry legislation. Heralded at the beginning as a wet legislature, it remains as a dry session of the legislature so far as its record is concerned. The assembly has uniformly voted for wet bills but the senate has stood as an embankment against their final passage.

YESTERDAY IN THE LEGISLATURE

ASSEMBLY

Bills engrossed: By Weber, relating to management of schools in first class cities. By agriculture committee, relating to spur track facilities. By agriculture committee, defining and enlarging powers of department of markets.

Bills passed: By Dahl, providing for court injunctions to restrain violations of corrupt practices act. By fish and game committee, relating to open season for hunting. By Perry, relating to fees for recording. By Perry, relating to filing fees for corporations. By Perry, increasing filing fees for trade marks. By Matheson, relating to partnership income taxation. By C. E. Hanson, relating to showmen's and transient merchants' licenses. By taxation committee, relating to exemptions from inheritance tax. By Killian, relating to instruction of indentured apprentices. By Hinkley, making appropriation to city of West Allis.

Bills passed to third reading: By judiciary committee, relating to testimony involving commercial disputes. By Teasdale, relating to free transportation or reduced rates for real estate agents. By finance committee, making appropriation for state board of vocational training.

Bills concurred in: By Schumann, relating to operation of bonded carriers. By Titus, relating to marking of city and village limits on highways. By Heck, validating certain contracts made by third class cities. By Ridgway, authorizing city of Kenosha to convey certain lands. By Werden, authorizing commissioner of public lands to convey certain Vilas county lands to

SENATE

By Werden, authorizing public land commissioner to transfer certain Oneida county lands to M. A. Ebert. By judiciary committee, relating to purposes for which school districts are authorized to issue bonds. By judiciary committee, relating to duties of district attorneys.

Bills killed: By George Nelson, relating to licensing of live stock dealers and making appropriation. By Graham, establishing educational opportunity fund and making appropriation. By public welfare committee, relating to deputy state health officers. By Teasdale, relating to support of insane. Joint resolutions concurred in: By Burke, memorializing congress to modify Volstead act so as to legalize beer.

Bills killed: By Sachtlein, restricting the search and seizure clause of the Seaverson prohibition enforcement act.

SINCLAIR, FREED, TRIES TO GET BACK IN JAIL

PASADENA, Calif.—Opium Sinclair, author who was released from jail after his arrest on a charge of "unlawful assembly," has sent what was considered an open challenge to Chief of Police Oaks.

Sinclair advised the police he would hold another meeting, at which he would speak in behalf of the Los Angeles harbor marine workers and invited Oaks to attend.

Sinclair on Thursday won the first legal skirmish with Oaks when the latter failed to obtain from the district attorney's office a felony warrant charging the author and his companions with criminal syndicalism.

CONTEST KEEPS ITS EDITOR HUMPING AS VOTES POUR IN FOR SUNDAY'S COUNT

BY THE CONTEST EDITOR

FOLKS LET ME TIP YOU OFF TO SOMETHING—THIS SHOP GIRL CONTEST IS SOME RACE.

If anyone in the city of La Crosse or any other place, thinks there is no rivalry among the contestants, just let it sit in my ear for a day and handle the returns. Almost a hue of girls and their friends bringing voices to me, telephone buzzing with inquiries as to who is ahead, scribbling around to get votes in before the paper is published so that their favorite will make a good showing in the count; counting votes and money and keeping the count straight.

Oh, wotia life!

Hit With Sanatorium

But it is fun, at that, and the knowledge that a lot of folks who are against a real fight for their lives in the Oak Forest Sanatorium will be made happier as the result of it makes me all want to pitch in and help. You're no idea how the contest is making at the sanatorium. The patients are watching the returns with the greatest interest, pulling for their favorites and are watching the total vote as it rises higher and higher in the pious knowledge that every 1,000 votes cast for any of the candidates means another dollar for their anxiously awaited movie fund. They are already beginning to speculate on what films they will see as a result of the contest.

Who will be on top when the next jag of votes is counted I don't know. They're coming in fast, with all of the leaders battling for supremacy. Whether there will be another upset like that which toppled Bobbie Kopp out of first place on Thursday I wouldn't say, but most anything seems likely to happen the way it is going. Watch Sunday's paper—that's when we'll learn what's next. I am informed that some of the contestants are planning a spirit for Sunday's count to show that they are strong in the running. That's all right, as long as they get their votes in by 6 o'clock Saturday night. Nothing will be counted after that.

SHOP GIRL CONTESTANTS

Lucia Amundson, Kelson's Grocery. Olga Shoretz, Boyer-Furber. Pearl Blanchard, Kelson's. Gertrude Corti, Linker Hotel. Ethel Ehner, McMillan's. Gertrude Gasko, Doeringer's. Helen Green, Kravitz's. STATE'S ATTEMPT TO LOCATE GIRL BRIDE PROVES UNAVAILING

Husband of Missing Girl Sentenced for Contempt for Refusal to Give Information

ST. JOSEPH, Mich.—Attempts by the state to locate Bridgetta Smith Moore, young married woman member of the House of David cult who is wanted as a witness before the grand jury investigating charges of immorality in the sect, so far have produced no results other than a thirty-day jail sentence imposed upon her husband, James Moore, for contempt of court. Moore was ordered to jail when he refused to answer questions concerning his girl wife and, so Judge Harry Dingman said, will serve the sentence unless he changes his mind about testifying.

Confinement of Moore came as a climax to efforts of authorities Thursday to locate the girl witness, whom members of the colony first said was too ill to appear. Later they asserted Mrs. Smith Moore had departed from the colony.

SETTING AND MUSIC OF "BLUE BANDITS" PLEASE EYE AND EAR

The setting and music of "The Blue Bandits," the comic opera which the local post of the American Legion is giving by home talent at the La Crosse theatre next Thursday and Friday is pleasing to the eye and to the ear.

The scene is laid in France, right after the war, and the plot involves the adventures of two ex-service men in a little village near the Swiss frontier who are mistaken for blood-thirsty bandits. The complications which ensue furnish a vehicle in displaying some real excruciating comedy. The songs and music are of a variety to suit all tastes. "The Wine of France," a stirring drinking song, never fails to strike a popular chord and together with the hit, "Take Me Home With You," always demands numerous encores.

There are 16 musical numbers in the opera, each one of which is a distinct hit. The opera calls for an augmented orchestra consisting of the best kind of musicians.

The reserved seat sale opens at the box office Monday morning.

RUSSIAN NOTE HOLDS SWISS RESPONSIBLE FOR VOROVSKY DEATH

MOSCOW.—By The Associated Press.—A Russian note sent by Foreign Minister Tschitcherine to the Swiss government Friday holds that government responsible for the recent assassination at Lausanne of M. Vorovsky, soviet representative there, through the alleged negligence of the Swiss officials to guard him.

GOULD'S ILLNESS STARTED ON VISIT TO TUT'S TOMB

NICE, France.—By The Associated Press.—Friends of George J. Gould, the American financier who died at Cap Martin, near Mentone, Wednesday declared Friday that his fatal illness originated in a cold caught in the Valley of the Kings in Egypt, which he visited after the discovery of Tutankhamun's tomb.

ROCK ISLAND TRAIN DERAILED; SEVERAL HURT

CHICAGO, Ill.—By The Associated Press.—Several persons were injured here early Friday when a Rock Island suburban train from Joliet was derailed a short distance from the station, three of the coaches being off the tracks and the last coach overturned on its side. Railroad officials said medical aid had been rushed to the scene. Four persons were taken to the Auburn Park hospital nearby. All were severely cut and bruised, but none injured seriously.

MISSIONARIES SHY AT YOUNG AMERICAN GIRLS

CHICAGO, Ill.—American girls of tender years are going back to jungle standards so fast that missionaries returning from Africa are horrified to see the change. Paul Christian, president of the Missionary Alliance conference, said.

IMPROVE BOWTH LAKE PARK EAST TROY

LAKE TROY, Wis.—Work has started on beautifying the Memorial park at Bowth lake, near here, in one of the beauty spots of Walworth county, purchased last summer by the towns of Troy and East Troy.

OBITUARY

LOUIS WENDLAND. Mrs. W. J. Koch of 1221 Mississippi street, has gone to Blue Grass, Iowa, where she was called on account of the death of her father, who died away at 8:27 p. m. Tuesday, May 15.

Mr. Louis Wendland was a farmer, going to Iowa who was only a young man. He has lived in Blue Grass, Iowa, ever since. Besides his wife to mourn his loss, he has ten children, 18 grandchildren and one great-grandchild. He was born in Luxembourg, Germany, in 1847, coming to this country when 30 years old.

MRS. PHILOMENA BRUHA. Mrs. Philomena Bruha, wife of Frank J. Bruha, died Thursday at a local hospital after an illness of two months duration. The cause of death was diabetes. Mrs. Bruha was born in Bohemia, August 26, 1858, and came to America in 1874, coming direct to La Crosse where she has resided ever since. She was united in marriage to Frank J. Bruha at 17 years of age. She is survived by her husband, two sons and one daughter and seven grandchildren. The sons are Wenzel J. and Charles J. Bruha. The daughter is Mrs. J. J. Serres. All reside in La Crosse.

Funeral services will be held Monday from the home, 221 South Tenth street, at 2 p. m. and from St. Mary's catholic church at 4 o'clock. Requiem mass will be read by the Rev. Father Adolph M. R. Lutz. Burial will be made in the Catholic cemetery.

Eleanor Boardman and Barbara La Marr in "Souls for Sale" which comes to the Majestic Sunday

SCENE FROM "TOO MUCH BUSINESS" John Henry Jackson, the irate young man shown above, has just been put out of business by Amos Camby, whom he is holding by the coat lapel. John Henry was proprietor of a children's hotel where busy mothers could leave their young hopefuls. But Camby, who needs Jackson in his own firm, decides to put the hotel out of business. Some extremely laughable action is the result. Camby finally wins by fastening a diphtheria sign on the hotel door. "Too Much Business" is at the Riviera today

CHICAGO JUDGES AFFIRM DECISION OF C. L. BALDWIN

Uphold Referee in Bankruptcy and Judge Luse in Review in Court of Appeals

Judges of the federal court of appeals, Evans, Baker and Aldrich, who recently reviewed in their Chicago court, the case of Fred Arnold of Eau Claire against the trustees of the United States Auto Gear Staff company of Eau Claire, bankrupt, affirmed the decision of C. L. Baldwin of La Crosse, referee in bankruptcy, and C. Z. Luse, federal district judge, without leaving the latter a bid.

The United States Auto Gear Staff company was a company organized to manufacture automatic gear shifts for automobiles. About a year ago it was declared bankrupt, with assets amounting to about \$250,000. A trustee was made to sell the business, but all of the bids were rejected because they were too low. A committee of stock holders wanted to buy it and Fred Arnold, Eau Claire, entered a bid.

Some time later E. R. L'Honnemelle made a bid of \$11,500 at a private sale and a notice was sent out ordering a hearing held on the offer at Eau Claire. Mr. Arnold objected and claimed that his bid was in effect because his check was sent in at the time. He offered \$500 more than the bid of Mr. L'Honnemelle at that time, but the court, C. L. Baldwin, refused to open the bids unless he bid ten per cent more than Mr. L'Honnemelle's bid. The court then ordered a sale to Mr. L'Honnemelle and the case was taken before Judge Luse at Madison, who upheld Mr. Baldwin, Mr. Baldwin and Judge Luse were upheld in the court of appeals.

ENGLISH JAILS GRIEN FOR DELINQUENT TANFAVER

LONDON.—What chance is there for people in England who are not far from their income-tax, but who are not far from the law? The answer is, none. The English law is so strict that it is almost impossible to escape it. A man who is caught by the law is almost sure to be sent to jail. The English law is so strict that it is almost impossible to escape it. A man who is caught by the law is almost sure to be sent to jail.

GOPHER SENATORIAL ELECTION POLITICAL STAR ACT OF U. S.

Holds Center of Stage as "Straw
in Wind" as to Adminis-
tration Status

The 1922 senatorial election in Minnesota, called to fill the vacancy left by the late Knute Nelson, will be the center of the political stage to the nation in the next few months because of its importance as a barometer in the wind of the sentiment of a Washington dispatch carried on Friday by the Chicago Tribune. The dispatch follows:

WASHINGTON, May 17.—The first and last of the 1922 election of the members of the leading national senate and the Republican party in any state will be fought here in the state of Minnesota in the fall. The election of a senator from the United States Senator Nelson.

Tests Radical Strength

The election of the senator from Minnesota will be a test of the strength of the radical elements in the party and will be a barometer of the sentiment of the nation in the next few months because of its importance as a barometer in the wind of the sentiment of a Washington dispatch carried on Friday by the Chicago Tribune. The dispatch follows:

that the United States join the world court.

Gov. Dens, who is popular and a political leader, will be the principal candidate for the Republican nomination, and if he wins in his own party he will make a formidable opponent in the election. Gov. Dens is the political heir of Senator Nelson and is classified as a conservative.

Prosperity Slow for Farmers

The Republican party suffered severe reverses in the 1922 election largely because of hard times and the tendency of the dissatisfied to blame the administration for all the ills of the hour. Since then a great wave of prosperity has hit the country. In the industrial sections are booming, but the farmers, who predominate in such states as Minnesota, scarcely are begun to feel any material improvement in conditions.

The Minnesota election bids fair to be a contest between the Republicans, carrying the new prosperity and changing course, therefore, and the Democrats, Farmer-Labor, Nonpartisan league, and other radical elements on the other side discounting prosperity and continuing the attack on the administration which enabled Shipstead (Farmer-Labor) to defeat Senator Nelson in 1922.

Scum May be Standardized

PENILESS HEIR TO HUGE FORTUNE IS SUED FOR DIVORCE

New Charges Made in Action
Started by Mrs. Heyworth
Eighteen Months Ago

CHICAGO—Otto Young Heyworth, "peniless" heir to the \$10,000,000 fortune of his grandfather, Otto Young, a pioneer Chicagoan, was sued for divorce yesterday by his actress wife, Mrs. Helen Marie Peterson Heyworth, of New York. Young Heyworth is the son of Lawrence O. Heyworth, millionaire sportsman and the Countess Cecelia Young Arkenholt.

New charges of desertion in the bill, which was filed by Attorney Lee Wormser, supplant charges of cruelty made by Mrs. Heyworth in a suit for separate maintenance eighteen months ago as a result of which trustees of several funds were enjoined from paying any money to young Heyworth pending a hearing on the petition.

Heir to Huge Estate

Heyworth's mother, the Countess de Kewin, who was divorced from her noble former husband in the Circuit court after a trial that lasted for

a week, receives \$110,000 annually from the estate of her father. Otto Young, from her death young Heyworth will acquire a considerable portion of the estate, which includes an equity in the Auditorium hotel and theater property as well as the property occupied by the Fair store.

An order confirming her right to the accumulated income from several trust funds of which her husband is the beneficiary, which has been withheld from him under the terms of an injunction since August 1921, is sought by Mrs. Heyworth.

MAN, LIVING GASOLINE

TORCH, LEAPS INTO RIVER
HIGHLAND, Wis.—Grover Elam, cashier of the First National bank here, was severely burned when the accumulated income from several trust funds of which her husband is the beneficiary, which has been withheld from him under the terms of an injunction since August 1921, is sought by Mrs. Heyworth.

banker leaped into a nearby stream. Attending physicians say his condition is serious.

Everybody's Working!—Everybody's Got Money!

BUSINESS IS GOOD!

Yet we hear that some retail clothing stores are complaining. But that's not due so much to general business conditions as to the fact that the public has become more discriminating. Men look at both sides of a dollar these days, and refuse to give it up except for value received.

So the store that sells good goods, and gives good values and renders good service—which is what The Continental has a well-deserved reputation for doing—finds its business booming.

Get the habit of looking at both sides of your dollar. We are absolutely sincere when we say that, in our judgment, The Continental's clothes are worth \$5 to \$10 more. Come in, compare them, use your own judgment. Looking costs you nothing and may save you considerable.

And if you find, as we expect you will and intend you shall, that your clothing money is worth more here than anywhere else, you will also find us just as appreciative of your patronage as though you were the only customer that day.

Hart Schaffner & Marx and Continental Special Clothes

\$24.75 \$30 \$35 \$40 \$45

These good garments represent a fine paying investment, not only in quality, but in service and satisfaction as well.

Some clothes are priced higher and some are priced lower, but in the end The Continental's Clothes cost least of all.

NOW IS THE TIME TO CHANGE TO LIGHTER UNDERWEAR

COURAGE AND HOPE WIN BACK HOMES IN DEVASTATED FRANCE

Stricken Territory Has Passed Crisis in Recovery from Wounds of War

PARIS.—Of devastated France it may be said today that, due in no small measure to the dogged fortitude and tenacity of its returned inhabitants, the area has safely passed the crisis in its recovery from the wounds suffered through more than four years of systematic destruction.

According to estimates of various reconstruction agencies the end of next year, if all goes well, should see this vast area in the state of France practically healed with the exception, of course, of some of the cathedrals and other historic monuments which never can be replaced.

A general idea of how the work

is progressing may be had from the fact that 553,977 of the 741,000 dwelling houses which were completely destroyed have now been completely restored. Other forms of reconstruction are going forward, and in less than five years after the greatest military struggle the world has ever seen, more than 1,000,000 of the 3,000,000 terror-stricken people who fled from the German invader are back on the soil they love and are beginning to catch a glimpse of normal undisturbed contentment.

This is their one object. True to the temperament of the average provincial Frenchman, these repatriated men and women want only the opportunity of remaking homes for themselves; places where they will no longer be patronized as refugees, places where they may till the soil and enjoy its fruits. They waste no time discussing the Ruhr, and are willing to leave such things to their political leaders if only they themselves may be left unhampered in their efforts to prosper the land which once formed such a fertile part of France.

political leaders if only they themselves may be left unhampered in their efforts to prosper the land which once formed such a fertile part of France.

NO NEED TO "WALK A MILE" IF THESE FIGURES ARE RIGHT

WASHINGTON, D. C.—Cigarettes made in America in January, February and March of this year numbered 15,000,000,000, compared with 10,000,000,000 in the same months of 1922. Dr. Julius Klein, director of foreign commerce, told the Tobacco Merchants' association. These cigarettes, he added, if placed end to end on the equator, would encircle the globe twenty-six times.

ART EXPERT SUES HEAD OF DENVER FIRM FOR \$500,000

NEW YORK.—George Joseph De Mott, art expert of New York and Paris, is suing Sir Joseph Duveen, head of the Duveen art galleries for \$500,000, alleging Sir Joseph had damaged him by characterizing as spurious an eleventh century enamel figure of Virgin and Child which he sold Michael Dreier of this city in 1921 for 350,000 francs.

KING'S

Dehydrated
FRUITS & VEGETABLES.

fully ripened

in the West's fertile garden spots.

Preserved and packed in this new, economical way,

From the nature-favored valleys and hills of the Pacific Coast, King's gathers only the very choicest products of orchard and garden. Within a few hours these products, after being carefully cleaned and prepared, are transformed by that most wonderful of all processes, dehydration, into a state which keeps every atom of natural flavor and goodness intact.

To you King's Fruits and Vegetables come in handy, sanitary cartons with all the wealth of flavor and goodness of freshly-gathered fruits and vegetables.

Simply refresh King's in water and cook and serve as you would products fresh from orchard or garden.

Serve KING'S every day and in every way!

King's Fruits and Vegetables offer that tempting and healthful variety which makes them an every-day favorite with a "million American housewives."

Here's the excellent variety of products which King's offers for your table:

<p>KING'S PRUNES are the "crisp-fruit" of the fruit realm. They are "crisp-fruit" from the ordinary prunes. They have a superior fresh flavor, and the juice is a natural tonic like color. King's Prunes regularly promote health.</p>	<p>KING'S APPLES are the finest variety available in a form available in all seasons. They have that crisp and tart which makes the most delicious pies, sauces, cobblers, etc. All ready for cooking, no peeling, coring, or slicing.</p>	<p>KING'S PEACHES have the fresh-tasting deliciousness of sun-ripened fresh peaches. They are peeled, sliced and halved, ready to refresh in water and be cooked like fresh peaches.</p>
<p>KING'S LOGANBERRIES fully retain the luscious flavor of these famous Oregon berries. For other berries from Oregon, see many varieties of serving as does the loganberry.</p>	<p>KING'S APRICOTS when refreshed have all the tang and full flavor of choice apricots from the famous apricot sections of the Pacific Coast. Delicious in pies, cobblers, sauces, etc.</p>	<p>KING'S STRING BEANS have all the fine flavor, texture and healthful mineral salts of the tenderest fresh beans, making it possible to enjoy this excellent product every day of the year.</p>
<p>KING'S BLENDED VEGETABLES are a distinctive blend of the choicest variety of finest flavored celery, tomatoes, carrots, potatoes, onions and stringless beans. Use them for soups and stews, and for flavoring gravies, etc. Simply place in a saucepan of water and cook as you would fresh vegetables.</p>	<p>KING'S SPINACH enables you to enjoy the full flavor and food value of choice spinach from the famous apricot sections of the Pacific Coast. Delicious in pies, cobblers, sauces, etc.</p>	<p>KING'S PUMPKIN FLOUR makes thick, spicy pumpkin pies with the same old-time flavor and melting consistency of meltaway fresh pumpkin. Simply mix King's Pumpkin Flour with hot water.</p>

KING'S

Dehydrated
FRUITS & VEGETABLES

—all prepared, ready to cook.

Washing, peeling, slicing, coring and stemming are all done. Use only what you need of the contents of a carton at one time; the rest will keep for future use.

Here's an Example of the Economy of King's Products

A box carton of King's Stringless Beans, when cooked, will make almost three pints of tender, fresh-flavored beans or enough for 8 to 10 portions.

BLAINE SPEAKER AT NORSE CELEBRATION IN MINNEAPOLIS

Badger Governor in Plea for Tolerance Toward People of Other Nationalities

MINNEAPOLIS, Minn.—Governor Blaine of Wisconsin, speaking Thursday night on the occasion of the celebration of Norway's independence, made a plea for tolerance in the attitude of native Americans toward the different nationalities that make up this country. The governor, in the course of his talk, praised particularly the Norwegians who he said had "pioneered the way" to all the peoples of the world how democracy might be attained.

"We need not feel ashamed as Americans, to recognize the influence of blood," Governor Blaine said. "America's strength and power and influence is due to the result that has been brought about by the intermingling of blood of the best races of the white civilization."

"Any narrow, bigoted view of nationalities and races that might be that is attempted to be imposed upon the American people today is contrary to our traditions and our institutions, and damns the fathers and mothers who made our nation possible. Such spirit of intolerance because of races and nationalities is un-American and un-American, and unworthy of those who are protected by a government founded and preserved by men from Valley Forge to Gettysburg."

"Norway," the governor said, "exhibits an example to all the world, and the tenacity and determination of

her people through centuries to maintain her existence as a people and as a government ought to inspire the struggling people of other countries and sustain them in their struggles for a national existence.

"Norwegian blood has made its impression upon American history and American institutions. The Norwegians have demonstrated their right to enjoy the blessings of our institutions. They came to the great Northwest, and they and their descendants settled upon the farms, built factories, cooperated in guiding public affairs, and to their honor let it be said that they have always been forward looking and progressive in all their civic and political undertakings. You will find the Norwegian people in every community looking toward a better day, when the burden of the masses may be made lighter and when justice may be done to a greater number."

Corns

Just Say Blue-jay

The simplest way to end a corn is Blue-jay. Stops the pain instantly. Then the corn loosens and comes out. Made in clear liquid and in thin plasters. The action is the same.

BLOCS AND FACTIONS MUST GO, EDICT OF PRESIDENT HARDING

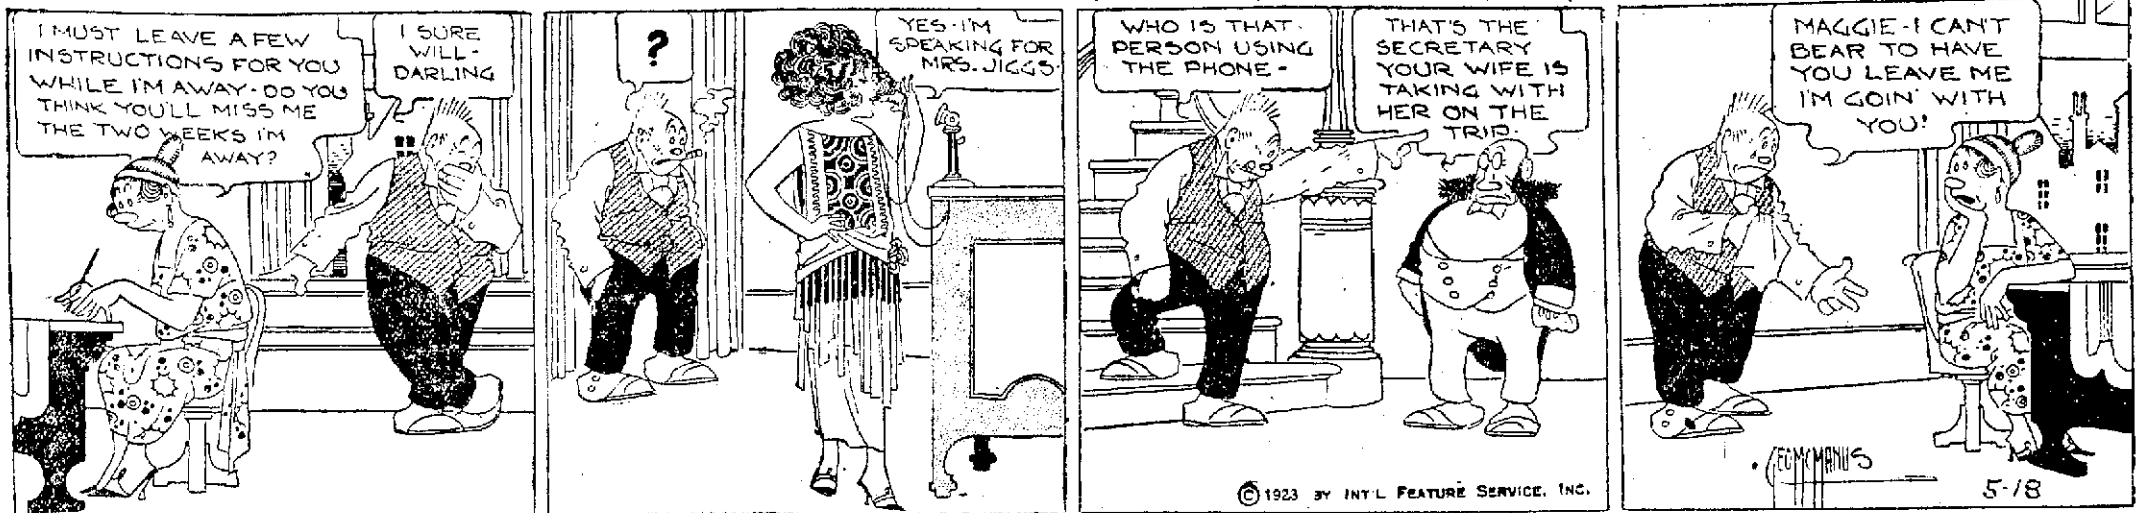

Harding at Statue Unveiling Declares War on Efforts to Dominate Government

WASHINGTON, D. C.—Blocs and factions seeking to dominate the government are developing as never before and must be checked, no matter what political sacrifices are required, President Harding declared in an address Thursday at the unveiling of a statue of Alexander Hamilton.

Mr. Harding did not enter into speculations, but his speech was plainly aimed at the efforts of the farm bloc and the progressive group to control the next congress through manipulation of the balance of power. After quoting Hamilton, the president said: "The Hamiltons of today are the blocs and factions of today."

He said that the government is the property of the people and that it is the duty of every citizen to see that it is not controlled by a few men. He said that the government is the property of the people and that it is the duty of every citizen to see that it is not controlled by a few men.

BRINGING UP FATHER—

OHIO EDUCATOR IS NAMED MODERATOR BY PRESBYTERIANS

Dr. Wishart, of Wooster College, Elected Over William Jennings Bryan

INDIANAPOLIS, Ind.—William Jennings Bryan failed to stampede the Presbyterian general assembly which opened here Thursday, as some predicted he would do. Three ballots were taken for moderator, two resulting in no election and the third in the election of Dr. Charles H. Wishart, president of Wooster college, Ohio, the former pastor of the Second Presbyterian church, Chicago.

Public Debate

GERMANY'S OFFER
Editor, Tribune: Germany's latest offer of gold marks of about seven and a half billions of dollars as full reparation for all the losses and damages of the world war, are ridiculous and grossly inadequate, and is small wonder that the proposal received scant consideration from the French. This is a sum of only fifty per cent more than which Great Britain has recently agreed to repay the United States. It is less than one third of the war debt incurred by this nation. It bears little relation to the terrible devastation wrought in France by the Germans. But if the sum offered was in any sense adequate the conditions under which it was made preclude its acceptance. It is conditioned on the withdrawal of the

French troops from the Ruhr region. That would leave France without any guarantee that this or any other sum would be paid. No reliance can be placed in the pledged word of Germany. It is the only nation in history that has deliberately defaulted its own currency and rendered its obligations in order to dishonor its obligations. The civilized world has no respect for any pledge that the Germans may make. They know no law but that of force. Fortunately, the French fully appreciate this fact. They know that Germany will never fulfill any promise or redeem any obligation from a sense of honor and for the reason French troops are going to remain in the occupied territory. France is just like any individual creditor, making a lawful judgment against a defaulting debtor who will not pay. The debtor has property and the creditor obtains an execution and puts it in the hands of the sheriff with instructions under the law to seize the

property of the debtor and hold it for the debt. That is done every day in private financial and commercial transactions. France has simply appealed to the civilized world to do the same remedy.

WILLIAMS CRACKS HOME RUN NO. 14

Alex. Vet Cub Hurler, Routed
in Sixth But Cubs Win,
7 to 4

BATTING SPREE OF GIANTS SENDS REDS DOWN LINE, 13-6

Grimes Falls in Sixth; Cards
Trip Robins, 6 to 3

PHILADELPHIA.—Chicago enjoyed one big inning on Thursday and defeated Philadelphia in the opening game of the series, 7 to 4. Alexander was taken out in the sixth after his record for perfect control games had been shattered, three Phillies drawing passes. Meadows pitched fine ball until the seventh when he was driven from the mound. Cy Williams hit his fourteenth home run of the season in the third inning. Score: R H E Philadelphia 121 000 000—4 8 1 Chicago 000 000 700—7 10 6 Batteries: Meadows, Bohan and Heinl; Alexander, Kaufman and Hartnett.

GIANTS, 13; REDS, 6.
NEW YORK, N. Y.—The New York Giants, playing at home, defeated the Cincinnati Reds in the first game of the series, 13 to 6. Grimes pitched a perfect game, allowing only one hit and no runs. The Reds scored in the first, second and fourth innings. Score: R H E Cincinnati 000 000 000—6 10 4 New York 000 000 700—13 8 1 Batteries: Grimes, Egan and Haddock; Egan, Haddock and Haddock.

CARDS, 6; ROBINS, 3.
PITTSBURGH, Pa.—The Pittsburgh Pirates, playing at home, defeated the Cleveland Robins in the first game of the series, 6 to 3. The Pirates scored in the first, second and fourth innings. Score: R H E Cleveland 000 000 000—3 10 4 Pittsburgh 000 000 700—6 8 1 Batteries: Egan, Haddock and Haddock; Egan, Haddock and Haddock.

REDS, 1; PHILLIES, 0.
PHILADELPHIA, Pa.—The Philadelphia Phillies, playing at home, defeated the Cincinnati Reds in the first game of the series, 1 to 0. The Phillies scored in the first inning. Score: R H E Cincinnati 000 000 000—1 10 4 Philadelphia 000 000 700—1 8 1 Batteries: Egan, Haddock and Haddock; Egan, Haddock and Haddock.

YESTERYEARS IN SPORT

Ten years ago, on May 18, 1913, Long Bob Ewing, former Red Sox pitcher, began pitching for Wapakoneta, Ohio.

WILLARD AND FIRPO AGREE

Willard and Firpo, each a victor in recent heavyweight battles, meet with Tex Rickard (center) and agree to meet in the ring at a place designated by Rickard, the bout to be held not later than July 7.

JUST THE FACTS DEMPSEY-GIBBONS FIGHT

SHELBY, Mont.—They are taking two things here. One of them is the rich oil that is expected to gush any minute. The other is the Dempsey-Gibbons Junior Fourth 15-round championship battle that has already started cashing.

The oil boom has changed Shelby from a hitherto quiet town of 700 people to 1,000 in less than a year.

The big fight is expected to change the population from 4,000 to 10,000 by the day of the big battle.

Two hundred carpenters have started building a hall in the 1,000-foot lot of timber that will be the boxing arena covering six acres.

The huge hexagon, a copy of the Jersey City hotel where the champion knocked out George Carpentier two years ago, will seat 40,208 people.

The natural amphitheater, where the arena is rising can be enlarged to handle 60,000 if the advance sale demands it.

Prices of seats are \$50, \$40, \$30, \$25, and \$20.

The first eleven rows of seats will be on the ring level.

The remainder will have a five-inch rise per row to the outer rim of the box seats.

Prices of seats: 40 rows, 10,161 seats at \$50.

Inner circle—three rows, 1,312 seats at \$40.

Outer circle—twelve rows, 6,520 seats at \$30.

HEIMACH'S BATTING BEATS TRIBE, 4-2

Victory Over Cleveland Indians
Puts Mackmen in Second
Place

HEILMAN'S STREAK BROKEN AS TIGERS BEAT BOSTON

Griff's Take Ten Innings to De-
feat White Sox, 3 to 2

CLEVELAND.—Pitcher Fred Heimach of the Athletics started in Thursday's 4 to 2 victory over Cleveland, a victory that allowed the Athletics to move into second place. In the second inning Heimach tripled and scored. In the ninth he doubled with two on. In addition he held Cleveland to four hits and two runs.

Hale, the Athletics' third baseman, injured in practice on Wednesday, was in Thursday's lineup. Score: R H E Philadelphia 101 000 002—4 10 0 Cleveland 000 000 200—2 4 1 Batteries: Heimach and Perkins; Hale and O'Neill.

DETROIT, Mich.—Pitcher and Murray, who pitched on Thursday in the first game of the series, defeated the Boston Braves in a pitching duel, 1 to 0. The victory lifted the Braves to a tie with the Red Sox for second place in the league.

WASHINGTON.—The Washington Senators, playing at home, defeated the Chicago White Sox in the first game of the series, 3 to 2. The Senators scored in the first, second and fourth innings. Score: R H E Chicago 000 000 000—2 10 4 Washington 000 000 700—3 8 1 Batteries: Egan, Haddock and Haddock; Egan, Haddock and Haddock.

CARDINALS APPEAR TO BE STRONGEST OPPOSITION FOR GIANTS FOREPART OF YEAR

CHICAGO, Ill.—By The Associated Press. Cardinals' strong opposition for the Philadelphia and Boston clubs, thereby displacing the un-pitched Pirates in second place in the National league, appear today as the strongest team the New York Giants will have to face in the forepart of the season.

Rogers Hornsby, the Big Bertha of the Cardinals, laid off Thursday to prepare for an attack on the Giants next week and St. Louis never missed him, battering Rudolph Grimes of Brooklyn off the slab in the seventh. Score: R H E Philadelphia 101 000 002—4 10 0 Cleveland 000 000 200—2 4 1 Batteries: Heimach and Perkins; Hale and O'Neill.

Having taken but one game from the Red Sox, which they did Thursday, 12 to 0, it is too early to forecast how the Giants are going to fare against the Cincinnati Reds, considering that the giant batters bombarded Pete Donohue, last year's leading pitcher, out of the box in five innings, it appears that the Metropolitans will not be greatly hampered. The Giants take on the Cardinals after the Reds leave.

Pittsburgh kept out the tobacco when Dick Rudolph came out of retirement and pitched the Boston Braves to a sensational ten inning victory in a pitching duel, 1 to 0. The victory lifted the Braves to a tie with the Red Sox for second place in the league.

WASHINGTON.—The Washington Senators, playing at home, defeated the Chicago White Sox in the first game of the series, 3 to 2. The Senators scored in the first, second and fourth innings. Score: R H E Chicago 000 000 000—2 10 4 Washington 000 000 700—3 8 1 Batteries: Egan, Haddock and Haddock; Egan, Haddock and Haddock.

ST. LOUIS, Mo.—The St. Louis Cardinals, playing at home, defeated the Philadelphia Athletics in the first game of the series, 4 to 2. The Cardinals scored in the first, second and fourth innings. Score: R H E Philadelphia 101 000 002—4 10 0 Cleveland 000 000 200—2 4 1 Batteries: Heimach and Perkins; Hale and O'Neill.

HAGEN-SARAZEN WIN 2ND ROUND OF LEEDS MEET

British and American Open
Champions Successful
on Thursday

LEEDS, England, May 17.—Walter Hagen and Mark Sarazen, holders respectively of the British and American open golf championships, Thursday successfully came through the first and second rounds of the professional tournament in progress here.

Hagen had a hard struggle in the morning round before shaking off T. Barber of Aberdeen, Edgely, whom he was able to beat only on the twenty-first green. In the afternoon Hagen was outdistanced by M. J. Bingham of Strathgordon for a considerable period, but he played well in the final round, winning 6 up and 4 to 1.

Sarazen Beats Seymour

Sarazen won the morning round, defeated Mark Seymour of Rochester, England, 5 and 3, and in the next round met George Gadd of Rochampton. They were all square on the home green and Sarazen won on the twentieth green.

The defeat of Joe Kirkwood, former Australian champion, in the first round by H. C. Kitch of Wood Gate, was a surprise. Kitch won 2 and 2. Kirkwood failed to complete his round in the first round.

Kitch Out Early

Kitch was out of the tournament in the second round by H. L. Hagan of Wood Gate, 5 and 1. Another surprise was the defeat of Al. McLeod, who after having defeated George Addy, winner of St. George's, was downed by H. C. Kitch, a young professional of Fox Green, in the second round.

FARMER IS KILLED WHEN AUTO TURNS OVER ON HIGHWAY

Frank Baker, 47, farmer of the town of Nelson, who was killed in an automobile accident Tuesday evening, will be buried at Nelson and buried will be held at a home.

Baker was killed when the automobile, which he was riding with two other persons, went over the top of a hill and turned over on its side. The automobile, a 1921 model, was driven by Baker. The other two persons, a driver and a passenger, were not injured. The automobile was found on its side on a road about 100 feet below the road.

The first high will have to be broken in order to build a hotel in the town of Nelson. The first high will have to be broken in order to build a hotel in the town of Nelson. The first high will have to be broken in order to build a hotel in the town of Nelson.

Frank Chance Has Some Definite Ideas On How to Pitch to Ruth

NEW YORK, May 17.—Frank Chance, manager of the Boston Red Sox, is a great admirer of Babe Ruth.

While Chance respects Ruth's batting ability, yet he is certain the Yankee slugger can be tuned down to a whisper if properly pitched to. Just prior to the opening game at New York, in which Ruth came through with a home run with two on, winning the ball game, Chance gave vent to his ideas on the Ruth situation.

"Ruth is a slugger," said Chance, "and it is baseball history that every slugger does on speed."

"If American League pitchers would always pitch fast and on the inside to Ruth, he would probably make 100 home runs during the season. Such a pitched ball offers Ruth his best chance to pull it into right field."

"During the last two world series,

which I attended, I watched the work of McGraw's pitchers very carefully. It seemed to me that McGraw had instructed his pitchers perfectly and they seemed able to fulfill his instructions."

"I don't believe Ruth received a dozen fast balls in the two series with the Giants. The right handers worked on the outside, mixing in a slow ball with an occasional curve. The left handers broke the ball low and on the outside, mixing in a change of pace."

"There was no fast ball pitching to Ruth in either series and he didn't hit."

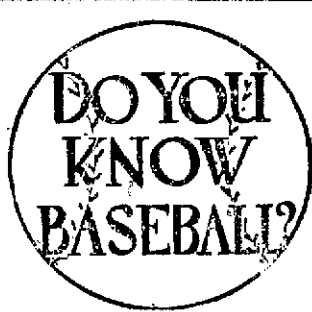

"My pitchers have been told how to pitch to Ruth, now it is up to them. One thing I have laid stress on is no fast balls inside."

Wonder what Chance thought when Ehmske, in the hole, took a chance and pitched just such a ball to Ruth, a home run resulting.

BRITISH CHAMP

Modi Roger Wethered, new British amateur golf champion. (Frank) Paulson, last American to fill in the 1910 tourney matches at Deal, met defeat in Wethered's hands in the semi-final round, losing 14 and 6 to 15 holes.

Questions

ONE—Can a pitcher, if not on the rubber, point to deliver the ball to the batter?

TWO—If with a runner on runners on the bases the pitcher drops the ball while in the act of delivering it, what is the ruling?

THREE—What is the ruling if the pitcher drops the ball while in the act of delivering it to the batter if the bases are unoccupied?

FOUR—What is the required distance from the home plate to a stand or fence to constitute a legal home run?

FIVE—What happens, if while attempting a third strike, the ball touches the person of the batsman?

Questions

ONE—It is a balk if the pitcher makes such a move.

TWO—It is a balk whether accidental or intentional.

THREE—No penalty is imposed if the bases are empty.

FOUR—The required distance for a legal home run is 225 feet from plate to stand or fence.

FIVE—The batsman is out, whether the ball is caught or not.

Why Not Revive this Custom?

In the middle ages the law required that 200 feet either side of the road had to be cleared of bushes which might shelter highway robbers.

NORMAL TEAMS SET FOR COMPETITION WITH STOUT HERE

Baseball Team and Track Squad
in Readiness for Big Day
in Athletics

Every thing is set for the big day in spring athletics at the Normal school all day Saturday.

Coach Nohr's baseball squad meets Stout in the morning at ten o'clock and Coach Keeler's track team will encounter the same school's track squad at two o'clock in the afternoon. As dope has it now, the Maroon and Gray teams should be "batting 1000 per cent" Saturday night.

There is no doubt about the baseball team. It is one that will be difficult for any Normal school team to defeat. The track team is making its debut Saturday and little is known about its real strength. There are about thirty men on the squad, all of whom are on their toes and waiting for the starter's gun Saturday afternoon. These men have been practicing diligently all year and are now ready to show their stuff. Saturday's meet will give Coach Keeler and those uncovered will form the regular squad for the remainder of the year.

In the ball game, Coach Nohr will start Hoover on the mound. Quinn will stop them, with Chin on first, Shields on short, Captain Rueben Johnson, second, Witpli, third, Klundrud, Ellinger and Tom Szczerebecki in the field.

MELLEN GETS NEW LEASE OF LIFE AS MINE OPENS

MELLEN, Wis., May 17.—On May 21 the Berkshire iron mine will be opened to active operation, giving Mellen a new lease on life. Mellen has always been a lumbering town, but the lumber supply is almost depleted and the city faced the fate of all lumber towns—extinction—until the mine was developed. The new mine is a hematite proposition, and is within the Lake Superior district. It will employ a day and night shift.

Only Three Nations Have Captured Davis Cup Matches, Tennis Classic

By VINCENT RICHARDS

Famous Tennis Star, McLaughlin with 20, Beals Wright with 16 and Larned with 15. Of late years Tilden and Johnston are, of course, the outstanding figures in the Davis Cup matches. According to Gerald L. Patterson, captain of last year's Australian contenders, as long as America has Tilden and Johnston to defend the famous trophy it will remain in the United States. We agree with him perfectly.

It is more than two decades since the Davis Cup was first competed for—in 1900, to be exact. The cup was not contested for during the war (1915 to 1918 inclusive), and in one year (1910) there were no matches at all.

Only three nations have won the Davis Cup. They are the United States, the British Isles and Australia. The United States has won the cup six times. The British Isles won it five times and Australia has equalled the United States record.

Belgium and Japan were the only nations who ever got to the challenge round. In 1904 Belgium's win from France gave her the right to challenge the British Isles for the famous trophy. Japan in 1921 defeated the Australians in the challenge round but was defeated by the United States for the famous cup in the next round.

The outstanding Davis Cup players are undoubtedly the late H. L. Doherty and Norman E. Brookes. The Briton represented his country five times in international matches. Out of the 13 matches that he played he won every one. Doherty was a truly great player.

To Norman E. Brookes belongs the honor of having played in nine ties, the greatest number of any living tennis player. In a period of nine years Brookes played the greatest number of matches, 39 in all. He won 28 and lost 11 in this period of time.

SECOND BANK IS OPENED BY UNION IN NEW YORK CITY

NEW YORK.—By The Associated Press.—Labor's second venture in banking in New York city was dedicated Friday at the formal opening of the Federation bank at Thirty-fourth street and Eighth avenue.

The new institution jointly organized by the Central Trade and Labor council of this city and the State Federation of Labor, starts with an authorized capitalization of \$1,000,000 and, according to its officers, a million stockholders.

Two other labor banks for which charters have been applied will bring the number in this city to four, all launched this year, and the number in the United States, where three years ago there were none, to twenty-three, including fourteen in operation and nine authorized by local or national unions.

SIX ARE INJURED AS POLICE BATTLE WITH RIOTING STUDENTS

PHILADELPHIA, Pa.—The vicinity of the University of Pennsylvania campus was the scene of wild rioting early Friday when undergraduates, celebrating "May day," fought police officers to disperse and battled with the authorities. Several students were injured before the disturbance was quelled. Six were arrested. Two thousand students were in the streets for the annual celebration which marks the advance of all under classmen and seniors for the first time down the cap and gown.

FRESH OUTBREAK OF FIRES IS REPORTED IN NORTH MINNESOTA

Rangers Rushed to Ely to Fight Blaze in Tract of Virgin Timber

DULUTH, Minn.—Fire was discovered late Thursday afternoon in a tract of virgin timber belonging to the Oliver Iron Mining company east of Burnside Lake, two miles northeast of Ely. The timber was reported dry and burning briskly. A crew of forest rangers was rushed to the scene of the fire.

While not unduly alarming, the fires at present are more serious than they seemed at first, and more men must be obtained before they can be checked, John Nelson, supervisor of the forest rangers in this district, said last night.

Two fires were reported at Thomas Lake, north of Two Harbors. Forest fighters at Thomas Lake are under a handicap as there are no accommodations or shelter for them it was reported.

HARVEST OF FINES IMPOSED IN WET CASES AT WINONA

WINONA, Minn.—Fines totaling \$3,500 and jail sentences totaling 26 months had been imposed Thursday by Judge John E. Motz here in the United States court on twelve persons who pleaded guilty to violation of the prohibition laws.

The cases of 15 persons who have pleaded not guilty either to possession or sale of liquor, or both, still await attention.

Three men who have pleaded guilty to possession, and two who have pleaded guilty both to possession and sale, remain to be sentenced.

Failure of one defendant to pay a \$600 fine and his commitment to the Winona county jail for a term of two months instead, reduced the total of fines received to \$2,300, and increased the actual jail sentences to a total of 28 months.

MONUMENT OF WRECKED PLANE MONUMENT TO TWO DEAD AVIATORS

SAN DIEGO, Calif.—The motor of the airplane in which Col. Francis Mitchell, Darlington, Wis., and Lieut. Charles Webster, Denver, met death last December while attempting to fly from Rockwell field to Tucson, Arizona, will be placed on a concrete pedestal as a monument to the officers. The site will be the spot in the Cucamonga mountains where the wrecked airplane was found last week.

DR. COOK PLEADS NOT GUILTY TO OIL FRAUD CHARGE

FORT WORTH, Tex.—Dr. Frederick A. Cook, under federal indictment with twenty-nine other persons, in connection with the operations of the Revere Oil company, pleaded not guilty Thursday when arraigned. A large number of the other defendants also pleaded not guilty.

Judge B. M. Riedson of Los Angeles, who is sitting in the case, refused to sustain a motion for a separate trial on the part of a number of them.

PREJUDICE CHARGED AGAINST JUDGE IN HIGGINBOTHAM TRIAL

CROSS CITY, Fla.—Trial of Walter Higginbotham, charged with first degree murder, growing out of the death of Martin Luther King, Jr., in North Jackson, in a courier labor camp, was halted Friday when the defense filed affidavits from two citizens accusing Judge Mallory Horne, presiding jurist of being prejudiced against the defendant.

PRESBYTERIAN TALK AT HOLMEN SUNDAY

Rev. Charles H. Cisselbrecht, state field secretary of the Presbyterian church, will speak in the town hall at Holmen Sunday evening at 8 o'clock.

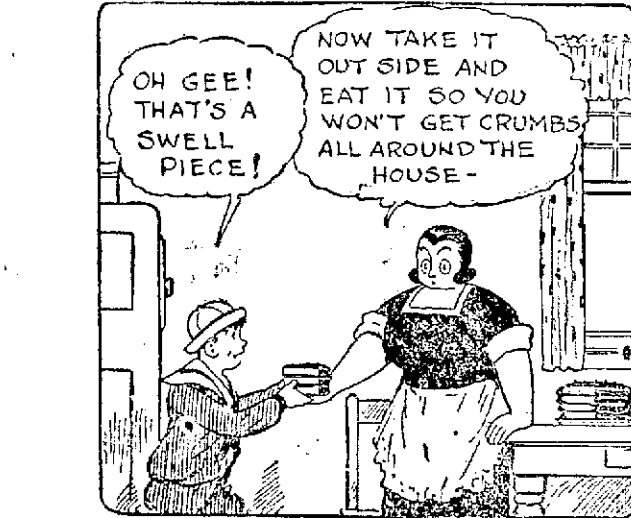

SUPERIOR WOMAN DIES

SUPERIOR, Wis.—Mrs. August Nord, 60, a prominent resident of Superior, for thirty-eight years, and widely known here, died Thursday afternoon. Mrs. Nord was born in Sweden in 1847 and came to Superior thirty-eight years ago. She is survived by a husband, August Nord, and six sons. Eleven grandchildren also survive.

MOVIES

"RUSTLE OF SILK"

Proving itself to be a genuine entertainment production, "The Rustle of Silk" featuring Betty Compson and Conway Tearle, is being shown at the Rivoli Theater.

The story starts in England after the war. Mr. Tearle, as Arthur Pether, has a bitter enemy, Paul Chittenden, played by Cyril Chadwick, who secretly owns a newspaper. Chittenden is an intimate friend of Lady Pether, Tearle's wife, and when the latter finds some love letters, written to her husband by Lady Pether, she is shocked. Compson takes them on the pretext of arranging for a divorce. Then comes a novel climax, which makes this production different from the average screen story.

The supporting cast of "The Rustle of Silk" includes Cyril Chadwick, Anna Q. Nilsson and many other prominent screen players.

STRAND TODAY

Marguerite Courtier, who plays the role of Patricia Morgan in the mammoth "Cotton" production, "Down to the Sea in Ships," which will be the attraction at the Strand theater today, found keen enjoyment in her part of the young quacker nodd.

It is a known fact that many stars on the stage and screen get unusual parts at one time or another that are a certain amount of preparation that is enjoyable. This is true of the role that Miss Courtier plays in this romance of old whaling days.

PIVIERA TODAY

"Too Much Business," a straight comedy in six reels, adapted from Earl Derr Biggers' original story in the Saturday Evening Post, John Barry and the "Butterfly Kiss" will be shown at the Riviera theater today.

This production, called the greatest six reel comedy of the past few years,

MIX AT THE CASINO

Tom Mix will bring a score of new stunts and thrills to the Casino theater today, when he will appear in his latest William Fox picture, "Chasing the Moon." Tom does nothing of his kind during stunts in Russia, and much of the fun of which there is said to be an abundance, is in seeing the hero, a demure of a land of Russian bandits who never dreamed a human being could think so fast. Eva Novak is the lovely leading woman.

"NO LUCK"

Lloyd Hamilton discards his rags and goes to the Casino theater, which is being shown at the Rivoli Theater, and proves that he can be as funny in a well-fitting dress suit as in his workaday make-up.

"No Luck" is a comedy founded on fishermen's luck. Hamilton is a very luckless fisherman, indeed. But he wins the heart of the prize flapper of the season. She follows him to an afternoon affair, where Hamilton arrives, dressed in rags and fish clothing. The fun in this sequence of scenes is unlike anything Hamilton has done before.

COMING TO THE CASINO

In staging the tremendous forest fire in Reginald Barker's production, "Hearts of Flame," at the Casino Sunday, Mr. Barker has created a spectacle that will stand for a long time as one of the really great achievements of the screen, and some as a standard for similar scenes in photography.

BRITISH PREMIER GOES TO PARIS TO CONSULT PHYSICIAN

PARIS.—By the Associated Press.—Andrew Bonar Law, the British prime minister, visited Paris for medical as well as political consultation, says the Journal today.

The newspaper states that the British premier, says the specialist Sir Thomas Horder, a physician in the London cancer hospital, who came over from London to make an examination.

The physician found that the premier's condition had resulted in no improvement to his throat.

ARMED MARINE HONOR GUARD TURNED BACK AT CANADA

WINDSOR, Ont.—By the Associated Press.—Canadian customs officials at Windsor on Wednesday refused to permit a squad of United States Marines, serving as a guard of honor for Lt. Beauregard, until his death a gunner in the American navy, carrying their rifles across the border without a special permit. Action of the officials became known on Thursday, when Canadian veterans registered a sharp protest against "red tape."

FOUNDER OF MOTHERS' DAY SAYS CANDY MEN PROFITEERS

PHILADELPHIA.—By the Associated Press.—Miss Anna Jarvis, founder of Mother's day, engaged in a verbal tiff with members of the Associated Retail Confectioners of the United States at their convention on Thursday. She charged them with having "profiteered" through commercialization of Mother's day symbols.

Some of the delegates suggested that Miss Jarvis be asked to leave the hall. She continued her attack, however, declaring confectioners' prices were too high.

"Mother's day was not intended to be a source of commercial profit," she added.

While she was still speaking the convention voted to recess. Officers of the convention said she had not been invited to speak.

There have been some raw deals in raw sugar and some not so refined in refined sugar.

NORMAL PROGRAM PLEASING EVENT THURSDAY NIGHT

Band Concert and Vaudeville
Features Presented by the
ex-Service Men's Club

Playing in a small but appreciative audience the ex-service men's club of the Normal school presented a pleasing and varied program Thursday night at the Normal school in an endeavor to raise money for decorating the American graves in Europe.

The program consisted of nine acts, including everything from a band concert to a well given playlet. The biggest hit of the evening was a vocal solo by Miss Evelyn Myhre, she having to sing an encore to the insistent audience. A clever dance by Miss Con-Jack and Neil Hils called the Doll Dance, was another pleasing feature. The costumes were especially pretty and the dance was well executed.

The Normal band, under the direction of Mr. Joseph Lyder, made its usual hit with several entertaining selections. Tom Downing in a balancing act was as clever as one on the professional stage. The tumbling act by Hils, Goldthorpe, Fellows and Seidel, was another good piece of work for amateurs. Other acts on the program which were also entirely pleasing were a group of musical selections by Miss Esther Feldman, "Captain Bum's Army," by Tom Murphy, the captain, and Bob Hurd, the top kick.

Following was the program:

Band selections.
Memories of Paul Bunyon's and His Blue Ox—Tom Murphy.
Dolls' Dance—Miss Con-Jack, Mr. Hils.
Solo—Miss Evelyn Myhre.
A Wee Bit-o'-Balance—Tom Downing.
Tumbling Act—Messrs. Hils, Goldthorpe, Fellows, Seidel, Hurd.
"Mr. Larsen" and His Auto Ride—Bob Hurd.
A Group of Musical Selections—Miss Esther Feldman.
Captain Bum's Army—Tom Murphy, captain, Bob Hurd, first sergeant, Privates, Red Reynolds, Ole Gunderson, Shorty Quinn, Floyd Church, Bernard Riebe, Art Strand.

**MINCE PIES WILL JUST
TASTE OF MINCE. RULING**

CHICAGO, Ill. Mince pies will not retain their ancient flavor of mince, according to a decision of the United States district court of Appeals, declaring that the Victoria Distilling company of Louisville, Ky., could not move forty-five barrels of mince which it has in storage in Chicago. The company said that the mince was to be used in mince pies.

More Visitors from North
America than Ever Before

RIO DE JANEIRO.—Never in any previous year has Rio de Janeiro had as many North American visitors as in the last six months. In addition to full passenger lists on the regular steamers from New York, there have been several special tourist steamers in port.

In previous years almost all North Americans coming to Brazil were on business missions, whereas this year

the majority have been sightseers. Visitors of this kind from other countries are extremely few compared to the North Americans.

The centennial exposition, which undoubtedly was the magnet attracting the tourists, has occupied but little of their time. After a few hurried visits to the exposition grounds the visitors have given their attention to the city's many other attractions. Judging from their conversations while here, in the years to follow there will be many North American tourists in Brazil who previously

had spent their leisure time in Europe. Although the state of siege, originally decreed at the time of the military revolt last July, is still in effect, there is nothing to indicate this fact to the visitor, and he goes on his

way without interference of any kind unless one of his cablegrams happens to be held up by the censor.

Kolinsky is a fur-bearing animal whose habitat is Russia.

The use of nickel fluoride in place of nickel chloride or sulphate has been found to give a finer-grained deposit of higher tensile strength and greater hardness in nickelplating.

MEMORIAL DAY IN SPARTA SUPERVISED BY AMERICAN LEGION

Commander Guernsey Takes Arrangements in Hand; Program is Planned

SPARTA, Wis., May 17.—The American Legion, post 123, has taken charge of the Memorial Day observances in Sparta. Commander Guernsey has taken charge of the arrangements. The program is planned for the afternoon of May 30. It will include a parade of the legion, the high school band, and the town band. There will also be a picnic for the legion members and their families. The observances will be held on the grounds of the legion.

GUARD CONFERENCE CALLED AT MADISON BY NEW ADJUTANT

MADISON, Wis., May 17.—Ralph J. Jamell, newly appointed adjutant general, called a meeting of the adjutant general's conference at Madison on May 17. The conference was held at the Wisconsin state capitol. It was attended by the adjutants general of the various states in the north central region. The conference was held for the purpose of discussing the duties of the adjutant general and the methods of performing them.

GERMANY MAKES FOURTH PAYMENT ON BELGIAN CLAIM

BRUSSELS, May 17.—The German government has made its fourth payment on the Belgian claim for war damages. The payment was made to the Belgian government on May 17. It was the largest payment made by Germany to Belgium since the war. The payment was made in the form of a check for 100 million marks. The Belgian government has received the payment and has announced that it will use it for the purpose of rebuilding the country.

The ordinary home is required to be the cleanest of homes. It is the place where the family lives and where the children are born and raised. It is the place where the family spends most of its time. It is the place where the family finds comfort and happiness. It is the place where the family finds its home.

SCHOOL-BOY BANDITS AT SOUTH BEND ARE GIVEN PRISON TERMS

Youths Confess to Six Hold-ups and Fifteen Automobile Thefts

SOUTH BEND, Ind., May 17.—Six high school boys of the local high school will serve from one to four years in prison, Friday finds them behind the bars at the state reformatory at Jeffersonville, where they were sent by Judge Walter A. Funk in Circuit court Thursday, following pleas of guilty to grand larceny.

Pleading guilty freed Huel Hella, well, 18, high school athlete, captain of the football team and president of the Junior class; John Hartman, 16, student, and Oscar Johnson, 18, graduated last year, from federal prison. The boys took their sentences calmly. "My sympathy is with your parents and relatives. I could not suspend sentences for you if I wished," Judge Funk said.

to. Society must be protected. Go to prison and change your ways. Real good books and forget about pool-rooms, truancy, drinking and general immorality. You are young. When you are free in a year, you will see into a different future," the court said in pronouncing sentence. Lenience was asked by Prosecutor Frank E. Coughlin, who told the court that the boys had committed the crimes more for the "thrills" than the monetary reward they had obtained. The boys confessed six holdups and fifteen automobile thefts. A check man is one who asks a girl to meet him at a movie, inside.

JURY IN LIQUOR CASE OUT JUST ONE MINUTE

MARQUETTE, Mich.—A record in convicting a liquor law violator was established by a jury in federal court here. One minute after it had been locked up for deliberation it returned a verdict against Adolph Forsburg of Iron River, charged with sale of liquor.

Federal Bread

What do you ask of good Coffee?

What is it that prompts you to say "That's just right" when you taste an exceptional coffee?

Simmer it down to one word and you'll probably answer "Flavor." But did it ever occur to you that that thing called "flavor" in good coffee could never be produced by nature alone? Did you know that coffee beans taken from any one coffee plant could never produce a drinkable coffee?

Coffee flavor is a matter of blending—blending one coffee crop with another. And blending requires years and years of experience.

That's why the flavor of Thomas J. Webb Coffee is so far superior to that of ordinary coffees. The skill used in its blending is responsible for its unusual goodness.

And the fact that Thomas J. Webb Coffee is used by more people wherever it is sold than any other coffee is a popular recommendation that proves the blend must be right.

Be fair to yourself. Try Thomas J. Webb Coffee just once. Ask your grocer today.

THOMAS J. WEBB CO.
CHICAGO

The extreme care taken in producing a coffee blend so rare as Thomas J. Webb Coffee calls for unusual methods in its roasting and packing... lest any of its precious flavor be wasted before it reaches the user.

For that reason Thomas J. Webb Coffee is roasted in the "live flame"—an exclusive roasting process that seals all the flavor in the coffee bean.

It is packed in an air-tight metal container which safeguards its freshness—insures its unwasted flavor.

WHAT'S GOING ON IN THE WORLD THE WEEK'S CHIEF EVENTS BRIEFLY TOLD

BY CHARLES P. STEWART

Nobody but Japan is getting any fun out of the kidnapping by Chinese brigands of about two dozen foreigners who were traveling north on the ultra-rapid Shanghai-Peking express train and are still held to ransom in the wilds of Shantung.

Japan got possession of Shantung in the confusion of the world war.

The war over the powers, especially the United States, said the province ought to be returned to the Chinese.

Japan replied the Chinese government wouldn't get it, even if she did this; that a lot of outlaws would grab it instead.

The powers said she ought to do it anyway and Japan complied.

New bandits have given them an example of what they've got to expect.

Bandits' Terms Met

The brigands' captives include 10 or 12 Americans.

Among them was Miss Lucy Aldrich, John F. Rockefeller, Jr.'s sister-in-law, but she got away.

The Peking government is willing to pay any ransom and agree to any terms the bandits name, so presumably the prisoners will be freed soon; but it's been proved Chinese travels far from safe.

Most of the bigger countries, including this one, have a few troops handy, but a land the size of China, as big as the United States and three

or four times as populous, isn't easy to police.

Neither is it likely soldiers could get their prisoners away from the bandits alive.

Cross With France

England is annoyed with France for rejecting Germany's consulting her.

She says the offer was to her as well as to France and she was entitled to a voice. At the same time she'd told Germany the proposal wasn't satisfactory anyway, but advised her to try again.

France has found Dr. Gustav Krupp von Bohlen, head of the Krupp industries, guilty of anti-French activity in the Ruhr, fined him 100 million marks, which is a trifle for him, and sent him to prison for ten years, which is more serious.

Fighting in Brazil

South American cables tell of elections against the government by rebels in southern Brazil. The country is a confederation, but pretty loose and state rebellions are quite common. The matter is extra serious now because North American packing com-

panies' properties worth 10 millions are endangered.

Soviet Official Slain

M. Vorovsky, Russian representative in Italy, who was in Lausanne to look after his country's interests at the conference over Turkey's future, has been assassinated by Maurice Conrad, a former officer of the czar. Conrad shot him as they sat at dinner in a Lausanne hotel.

The Russians, very angry, say the Swiss authorities didn't try hard enough to protect Vorovsky.

Three-Mile Limit

Like the United States, Russia wants to extend her limit of authority over the ocean from three to twelve miles beyond her shores.

It isn't clear smugling she's trying to prevent but fishing rights she wants to protect.

England insists on the three-mile limit and has sent a warship to defend her fishing craft from Russian interference. She has sent an ultimatum to Moscow, too, threatening not war, but a break in commercial relations.

Price of Sugar

The federal court of appeals in New

York has refused the injunction asked by the government against speculation in raw sugar futures.

This was in connection with the suit by which the government hoped to force sugar prices down. Its lawyer said every one cent a pound rise costs the people seven millions a year.

There will be an appeal to the United States supreme court.

Doctors Know Best

Another New York federal judge has knocked out the part of the Volstead law which prevented doctors from prescribing more than a pint of intoxicants every ten days for any patient.

The court's opinion is that the doctors know best.

This decision will be appealed, too.

Business Men's Views

The United States Chamber of Commerce, a national organization of business men, has declared for:

American participation in a world conference.

The open shop.

Support of the United States Coal commission.

Government aid to disabled world war veterans.

The chamber, however, did not mention the soldiers' bonus. It expressed its opposition to government participation in commerce.

CITIES TO PLACARD
HOUSES UNFIT FOR
HUMAN HABITATION

MADISON, Wis.—Buildings considered as unfit for human habitation may hereafter be placarded by city building inspectors and their use prohibited, as the result of Governor Blaine's signature Friday to a public welfare committee bill.

City inspectors are given power to placard the places of residence which are "unsanitary or unfit for human habitation."

LENIN ORDERS 61 TO DIE FOR TAKING BRIBES

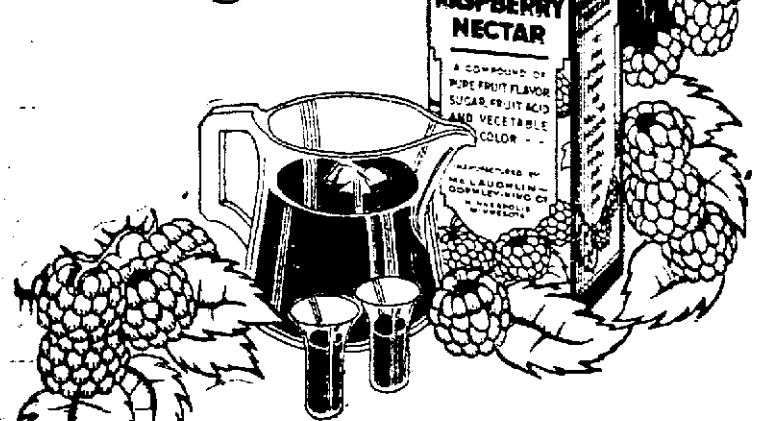

MOSCOW.—Sixty-one persons have been sentenced to die in the Russian government's new campaign to clean up its departments of bribery. In the movement, ordered by Premier Lenin, 3,265 persons have been found guilty and sentences ranging from death to light imprisonment have been

been inflicted. More than 2,500 were given from two to ten years in jail. Of the total number found guilty, 1,664 were convicted of giving bribes and the remainder of accepting.

Limiting London's "Skyscrapers"

Although the height limit of buildings in London has been raised twenty feet, this still restricts them to eighty feet from sidewalk to ceiling of the top story, a very limited gain. 3,265 persons have been found guilty and sentences ranging from death to light imprisonment have been

Fresh and pure
as the
morning dew

McLAUGHLIN'S Raspberry Nectar contains all the sweetness of the natural berry. No artificial flavoring is allowed to change its natural quality or purity. Drink all you want. It will not hurt you. Keep a supply on hand for unexpected guests. To make this refreshing and healthful beverage simply add sugar and water. One four ounce bottle makes three gallons. Stop at your grocer's or druggist's today and order a summer's supply of McLaughlin's Nectar.

Other McLaughlin Nectar flavors—Cherry, Grape, Strawberry, Loganberry, Orange, Lemon, and Lime.

CANADIANS SEEK TO AVERT SHORTAGE OF COAL NEXT WINTER

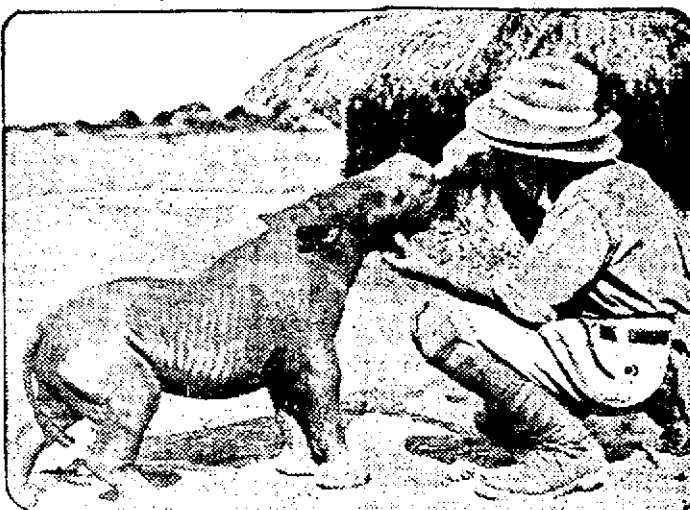

Look for Ways of Meeting Fuel Demands Without Depending Upon the U. S.

OTTAWA, Ont.—Federal and provincial governments of Canada are trying to find a way to meet next winter's fuel demands without leaving the country wholly dependent upon the United States having in mind the threat of embargo last fall when American communities were suffering from a shortage.

Canada has vast stores of both soft and hard coal, but transportation difficulties will prevent their development so long as the Pennsylvania-West Virginia hard coal field continues to produce and there is no check on exports. Testimony before a Senate committee indicates that Nova Scotia can meet all demands for soft coal. The search for substitutes for Pennsylvania anthracite has not been successful.

The richest hard coal field known in Canada is in Alberta. It is far removed from transportation lines and, as one expert said, "it might as well

be in China." About 200,000,000 tons deposit is in the Hay and Smoky

of fair quality anthracite could be produced there by strip mining and subsurface mining. It was said, Lassen Peak, our only active volcano, is breaking out but it may be just a spring rash.

STUDENTS AT CASE OFFERED WORK AT BIG STEEL MILLS

Opportunity Will Give Men Practical Experience and Aid them Financially

CLEVELAND—(A. P.)—Students of Case School of applied Science have been offered work in all lines this summer by the Bethlehem Steel company.

In a letter to Dr. Charles S. Howe, president of Case, Bethlehem officials offer Case freshmen, sophomores and juniors industrial occupation in the company's mills, furnaces, coke plants and repair departments during the coming vacation season. The purpose of the offer is declared to be to enable college men to aid their finances and at the same time to augment their

practical experience during their summer vacations. The students are asked to come as soon as possible and remain until as late in the fall as their studies will permit. The students are offered the same wages and hours as those at Bethlehem, Pa.; Lackawanna, N. Y.; Lebanon, Pa.; Steelton, Pa., and Sparrows Point, Md.

Red Crown Quality Shouts Aloud

Red Crown, the High Grade gasoline, is one of the major products made, sold and guaranteed by the Standard Oil Company (Indiana).

When it is pumped into your tank, it delivers a service which in every way measures up to the ideals established by the Board of Directors for the Company as a whole.

The evidence in favor of Red Crown as a quality product, is overwhelming. The constant patronage and good will of more than two million motorists, attest the merit of

Red Crown for Service

Red Crown produces instant starting Winter or Summer—a quick, snappy get-away, smooth steam-engine-like acceleration and all the power and speed your engine is capable of developing.

To use Red Crown is to get that maximum service your car was designed to render.

There is no waste to Red Crown—it vaporizes to the last drop to make power and give maximum mileage.

Red Crown is the best, most economical gasoline you can buy.
